SOP-001 Deviation Handling - Page 1

Section 1. Scope and Responsibilities:

This standard operating procedure applies to all GMP operations at Novacure Labs.

Priya Rao, QA Lead, owns deviation management.

Every deviation must be reported to QA within 24 hours of discovery.

SOP-001 Deviation Handling - Page 2

Section 2. Deviation Classification:

Deviations are categorized into Minor, Major, and Critical by the QA Lead.

Priya Rao reviews and approves all immediate containment actions for active deviations.
